

## Tech Tip Tuesday—April 26, 2016

by David Hirsch

**Chauffeur Driven Executive Retreat** We will be participating in the Chauffeur Driven Executive Retreat in New Orleans on May 1-3. We look forward to seeing many of you there.

**LiveryCoach.net** Please note that in this and future Tech Tips, the screen shots and descriptions will all be from LiveryCoach.net, the new version of Livery Coach. Some of the tips we mention will also apply to the older “VB6” version. We will try to point out which tips only apply to LiveryCoach.net. If you aren’t already running LiveryCoach.net, please contact [support@liverycoach.com](mailto:support@liverycoach.com) to schedule your update. Note that there will be no more enhancements to Livery Coach VB6, and support will end at the end of this year.
