

## Tech Tip Tuesday—June 14, 2016

by David Hirsch

**LiveryCoach.net** Please note that in this and future Tech Tips, the screen shots and descriptions will all be from LiveryCoach.net, the new version of Livery Coach. Some of the tips we mention will also apply to the older “VB6” version. We will try to point out which tips only apply to LiveryCoach.net. If you aren’t already running LiveryCoach.net, please contact [support@liverycoach.com](mailto:support@liverycoach.com) to schedule your update. Note that there will be no more enhancements to Livery Coach VB6, and support will end at the end of this year.

### Dispatch Grid – Vehicle Amenities or Trip Notes

At the bottom of the dispatch grid there is now a window that can be toggled between Vehicle Amenities and Trip Notes, each for the trip that is highlighted in the Dispatch Grid. Please note that you must have the “Reservation Info” tab selected to see the box.
