

Tech Tip Tuesday—April 18, 2017

How many user licenses do I have, and what modules?

Sometimes we get some confusion and questions about exactly what modules a customer has purchased, and has active in their system. With LiveryCoach.net, we have made this process simple to determine.

Simply Navigate to Help...About Livery. Then click on the “Purchased Features” tab.

If you have any questions about what you see, or want to add licenses or a module you don’t have, please contact info@liverycoach.com.
