

Tech Tip Tuesday—October 17, 2017

GRiDD/GNet meeting at the CD Show in Orlando

As mentioned in previous Tech Tips, Livery Coach will be exhibiting at the Chauffeur Driven Show (Booth 50) in Orlando (October 22-25). We also wanted to invite you to an open GRiDD/GNet meeting on Wednesday, October 25th at 8:30am (meeting room: Naples 1 and 2). Representatives from GRiDD/GNet as well as all the major participating software vendors and many of their customers will be there. Those of you already using GNet can speak about your experiences, and those still wanting more information should be able to get their questions answered. Hope you can make it!

More information on the GNet meeting can be found by clicking here:

Welcome to the age of Zero Resistance

We are pleased to formally release the new online reservations and account management system. Built from the ground up, the new system makes online booking easier than ever with its intuitive design and speedy performance.

In addition to many of the standard features from the previous system, the new system offers full integration with Google Maps and includes a guest checkout system.

MAKE A RESERVATION Log-in

The easy to use control panel allows you to configure a variety of business settings: rate display, rate details, vehicle images, vehicle order and more.

Note there's also a "Widget" option, allowing you to put the booking form right on your main page -- no need for clients to click a "Make Reservation" button.

If you have the older version of online reservations, the good news is there is no upgrade charge, and even better, the URL is likely already setup and waiting for you to try out....just send an email to Caralyn@LiveryCoach.com and she'll send you everything you need.

If you don't have online reservations but are interested in learning more or trying it out, send an email to Chip@LiveryCoach.com
