### Find an historical address from another contact

As we know, when you are entering routing in a trip, the system automatically presents you with an historical list of previous places that the contact and/or passenger has been.

Historical Pickup / Dropoff		Option	Passengers
Pu/Do Description	Street	City	Show History By
Continental Midtown Restaurant	1801 Chestnut St	Philadelphia	<input checked="" type="radio"/> Passenger
Samson St Oyster House	1516 Sansom St	Philadelphia	<input type="radio"/> Contact
Continental Midtown Restaurant	1801 Chestnut Street	Philadelphia	
Citizens Bank Park	1 Citizens Bank Way	Philadelphia	

But what if you want to pull a place from some other contact—one who is neither the contact nor a passenger in this trip?

It's actually easy—when you are in the routing screen, simply click on the Contact button in the Points of Interest area:

A box will then open where you can search for that other contact, and retrieve that contact's history. From there, it's as simple as just selecting the desired location.
