

Tech Tip Tuesday—February 17, 2026

GroundXchange (GXE) is now live on LimoAnywhere!

We are excited to announce that LimoAnywhere has completed their integration with GroundXchange, and it's now live. What's more, they have created a self-onboarding process within LimoAnywhere to make it fast and easy for them to set up.

What that means is that you can now send and receive trips from Santa Cruz and LimoAnywhere operators using GroundXchange (GXE), which not only brings you all the advanced features of GXE (such as GPS tracking) but also can save you up to \$0.25/trip!

But wait, there's more!

We've also enhanced Livery Coach so it's even easier to switch your affiliates from GNet to GXE—you no longer have to bring them back in-house, change the Agreement, and then Farm them out again. Instead, all you have to do is navigate to the desired Farm Agreement in Livery Coach and click on the "Move to Secondary" button. This will move all the Network settings from Primary to Secondary (basically, a backup) so your existing reservations can still finish up, and it will clear the Primary tab so you can enter the new GroundXchange information for that affiliate..

General Hourly Rate Zone Rate

General

Accounting VendorID:

Agreement Name: Farm-Out Company 2

Primary Network Secondary Network

Network Type: GNet

Network Code:

Password: 123456 Test Connection

Move To Secondary

Phone and Extension: x Grade: A

Time Zone: (GMT -05:00) Eastern Time (US & Canada)

Not Daylight Saving

Once that's done, simply select GroundXchange from the dropdown, and then click on the padlock to unlock the Network Code field and enter the GXE code for that affiliate. Then click Update on the bottom right of the screen, and you should be good to go!
